Monthly Parent and Youth Group

Parents and children ages 2-18 meet monthly for the opportunity to meet, share their experiences, and learn from each other and featured presenters. The Parent Group, Youth Group (ages 11-18) and child activities (ages 2-10) take place concurrently. The Parent Group uses a combination of expert presentors and Parent Cafés to explore a wide range of topics applicable to adoptive, kinship and foster families. The Youth Group uses Circle Talk to create a safe space for conversation and sharing. A potluck meal is served. Free childcare is provided. Upcoming topics can be found on the inside of this flyer.

About Parent Cafés

Parent Cafés are structured, small-group conversations that bring parents together to discuss issues that are important to them. This format is an essential tool used to engage parents directly in building protective factors and enhancing resiliency for families. Each Parent Café is facilitated by a member of the Parent Advisory Team and an Adoption Network Cleveland staff or a professional in the field.

About Circle Talk

Circle Talk is an informal gathering, led by an Adoption Network Cleveland program staff, in which youth are encouraged to openly discuss timely topics that bridge their experiences and perspectives.

Social Outings

Social outings provide normalizing activities that help bring families together and create connectedness. Outings provide opportunities for families to come together, build friendships, and family bonds doing normal, everyday family activities such as going to the zoo, for a hike, or to a baseball game.
